Dear Sir / Madam,

Greetings from Swarna Rashmi Pratishtana (R), Bengaluru.

**Subject: Appeal for CSR Funds for Swarna Rashmi Skill  
Development Training Institute, Bengaluru.**

-----

Swarna Rashmi Pratishtana is a registered non-profit Charitable Trust functioning under the divine guidance of His Holiness Sri Srimad Gangadharendra Saraswati Swamiji of Sri Sonda Swarnavalli Maha Samsthana, Sirsi. The Trust is committed to empowering economically underprivileged youth through education, technology training, and value-based development.

Over the last three years, the Trust has been conducting awareness and training programmes in rural areas of Uttara Kannada district. During the current year, the Trust is providing academic guidance and training to over one hundred secondary school students in Sirsi and surrounding villages, on civil services examinations, encouraging academic excellence, ethical values, and career awareness.

In order to expand these activities and provide structured skill development opportunities to youth, the Trust has undertaken the establishment of the Swarna Rashmi Skill Development Training Institute at MPM Layout, near Nagarabhavi Ring Road, Bengaluru.

The proposed Institute aims to provide training in emerging technological and vocational fields such as:

- Artificial Intelligence and Machine Learning
- Cybersecurity
- FinTech and Digital Skills
- Electronics and Computer Applications
- Soft Skills and Personality Development
- Vocational Skill Training for Rural Girls

A hostel facility for girl students from rural and remote areas is also proposed so that deserving students can access skill training and employment opportunities.

The proposed Institute building will consist of Basement + Three Floors, with an estimated project cost of Rs. 3 Crore.

Through this initiative, we aim to provide skill development training to more than 200 students annually, particularly youth from economically weaker sections, thereby enabling them to secure dignified livelihoods and contribute to inclusive economic growth.

We respectfully invite your esteemed organization to consider supporting this initiative through CSR funding or philanthropic partnership. Your support will directly contribute to building infrastructure and creating life-changing opportunities for deserving youth.

A brief project note is enclosed for your kind perusal. We would be honored to present the project in detail and interact with your CSR team at a time convenient to you.

We sincerely hope that your esteemed organization will partner with us in this meaningful initiative aimed at empowering youth with modern skills and ethical values.
